Report of Public Library Trustees.

The library has been patronized the past year to a much larger extent than the year previous. Nearly twenty-four hundred volumes have been issued during the year. There are three hundred and ninety volumes in the library, the present book-case being full.

There seems to be a growing interest for wholesome and instructive reading, thus encouraging the maintenance of the Public Library.

	\$120 61

WILLIAM J. MACE, Treasurer.

Report of the Board of Education.

To the Inhabitants of the Town of Danville :

The Board of Education submit the following report of the schools under their charge for the school year ending March 1, 1895 :

The school at the North has been under the instruction of Miss Flora A. Gordon the entire year. We consider ourselves very fortunate in being able to secure a teacher of the experience and ability of Miss Gordon, and we can only speak words of highest praise for her work in this school. We are sure that all who have taken an opportunity to see her work in the school room have been well repaid for their trouble, and highly satisfied with the progress of the children.

The Center school has been taught by Miss Henrietta M. Peaslee. With the small number of scholars to attend, and a teacher of the experience of Miss Peaslee, we have expected only the best of results, and we have not been disappointed. We consider that the work in this school has been fully up to the standard of former years, and that is too well known to need comment. At times it has almost seemed best to close this school, on account of the small number attending, but this reduction in number was not permanent and, on the whole, it seemed best to allow the school to continue, but with a somewhat shorter school year.

The primary school at the South has been taught by Miss Ida M. Chadbourne, of Baldwin, Maine. This school is the largest in number and consists entirely of the younger scholars. Accordingly it is not an easy school to govern, nor can the work of a teacher produce as marked results as in some other schools. Miss Chadbourne was a faithful and conscientious teacher, however, and fair progress was made throughout the year.

Miss Lulu N. Conland, of Brookfield, Vt., has taught the South school, No. 2, the entire year. She has proved herself an exceptionally strong teacher, both in teaching and in discipline. She won the respect of her scholars almost immediately, and we feel well satisfied with the progress of this school throughout the year. There are

certain difficulties with which a teacher must contend in this school which would not be found in a properly equipped school room. Notwithstanding these, Miss Conland kept an orderly and profitable school.

It is the opinion of the committee, that so far as possible, scholars should be induced to remain in this school as long as possible and so gradually raise the grade of the school until a good number of the higher English branches can here be offered to every boy and girl in town.

We feel well satisfied with the work of the schools of the town for the past year, and think it would compare favorably with that of similar schools of other places.

HERBERT E. COLBY,	}	Board of Education.
WOODBURY D. COLLINS,		
MARY S. CLIFFORD,		

ROLL OF PERFECT ATTENDANCE.

Names of pupils not absent or tardy during the year.
